	۲.	The southern billeting area at the airfield of Oschatz (N 52/E 71) was still occupied on 2 January 1951, by the tank unit which had been quartered there. Source recognized officers whom he had seen there two years ago. In addition to tanks, 10 AT uns with extraordinarily long barrels were seen in the billeting area. Source thought that the guns belonged to an infantry unit which recently moved into the southern
